Puryear Park, St. Petersburg

Tampa Bay Welcomes N. Miami Jai-alai!

Tampa Bay Jai-alai welcomes North Miami Jai-alai for the first time ever at Puryear Park in competitive tournament action. This event is a fundraising program to help raise capital to complete the renovations required to further enhance the playing conditions of America's first and only public court. Today's players have all generously donated money for today's event to take place with another event taking place Sunday starting at 10:30am. Trophies will be awarded along with complimentary drinks and food.

We would like to thank Jon Morin aka "Belota" for putting this entire event together and helping raise the funds needed to finish the court to making it one of the top amateur facilities in the country.

Donations Accepted!

America's first public court opened in 2008 and was totally renovated this past year under the direction of our contractors Scott King and Eric Lanctot with funds coming from the Weeki Wachee fund and privately raised funds. The court reopened with a big grand reopening event on December 12, 2021.

We are still short a few thousand dollars and any donations you can make are excepted!

We need people to dig down deep and contribute to this incredible renovation we have embarked upon.

Scott King
